

Lifelong Learning Initiatives

Hafizah Osman
Manager, eLearning
NUS SCALE

Strategic Principles

Education as a **pathway** into good jobs and lifelong employability

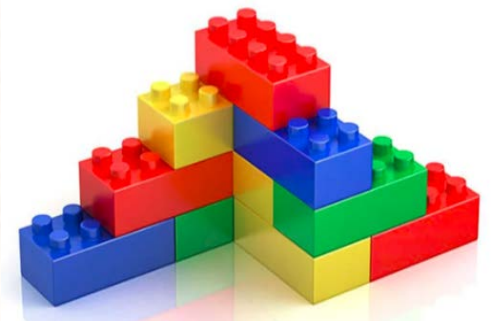

Education and learning need to be **lifelong**

Education must **impart skills**, not just information and knowledge

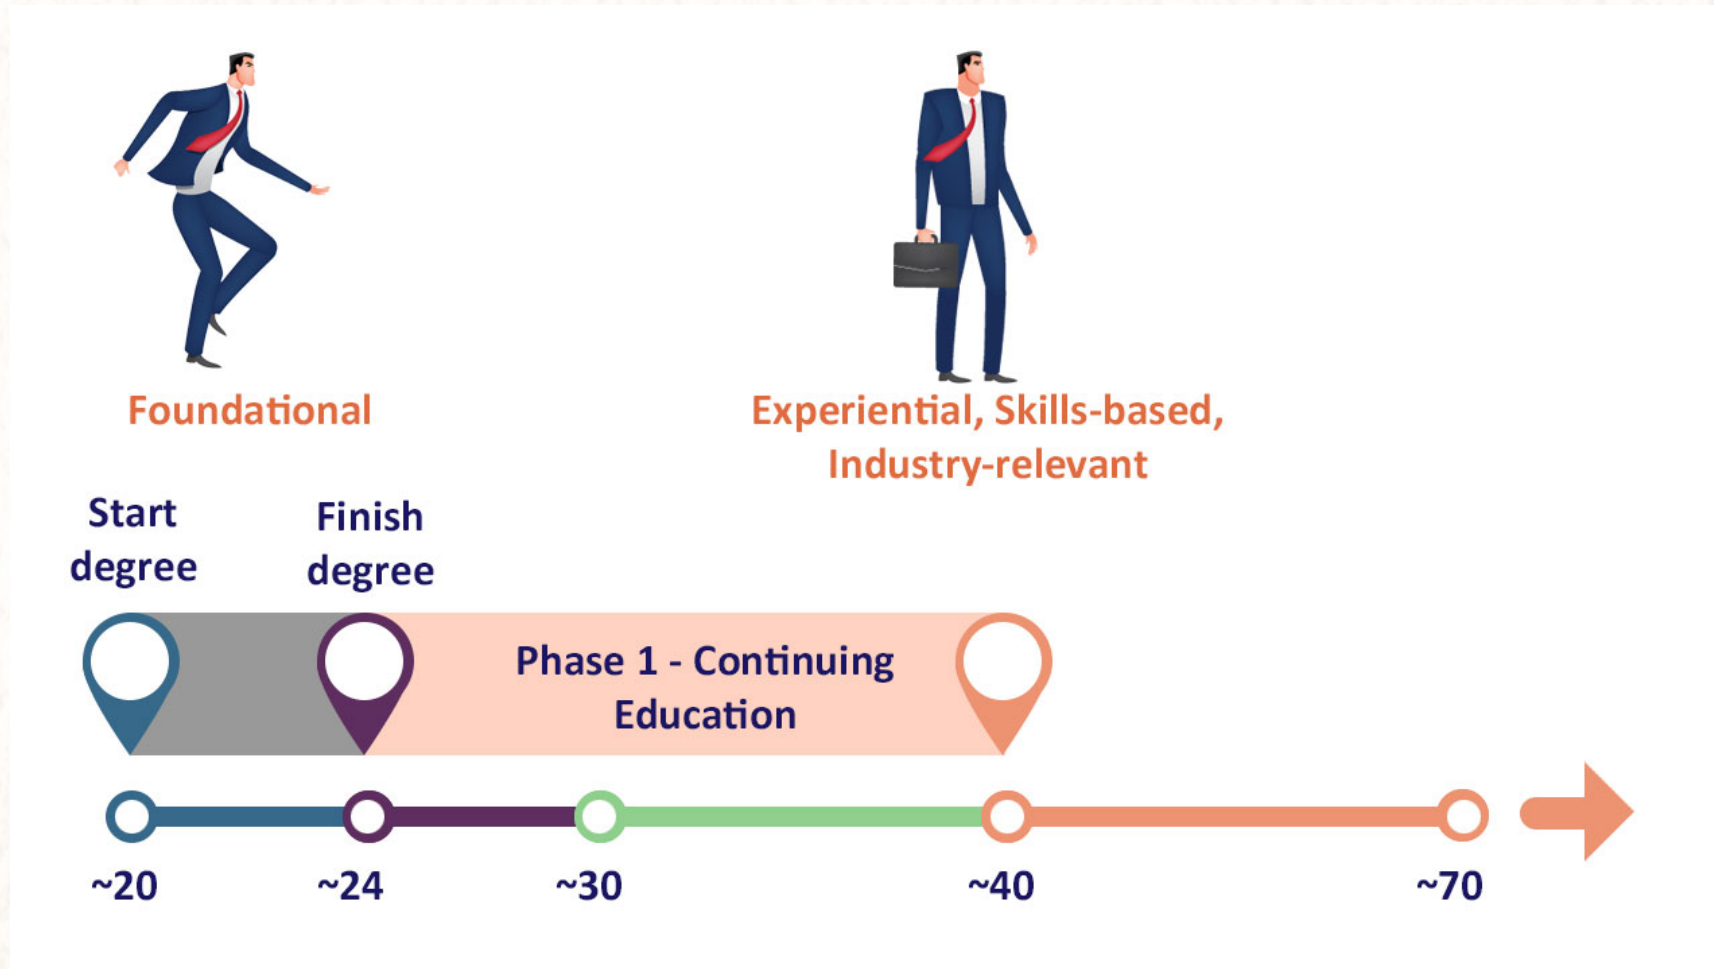

'Learning by doing' – Technical and cognitive abilities can also be gained through actual experience

Help Singaporeans **adapt to a data-rich and digital working environment**

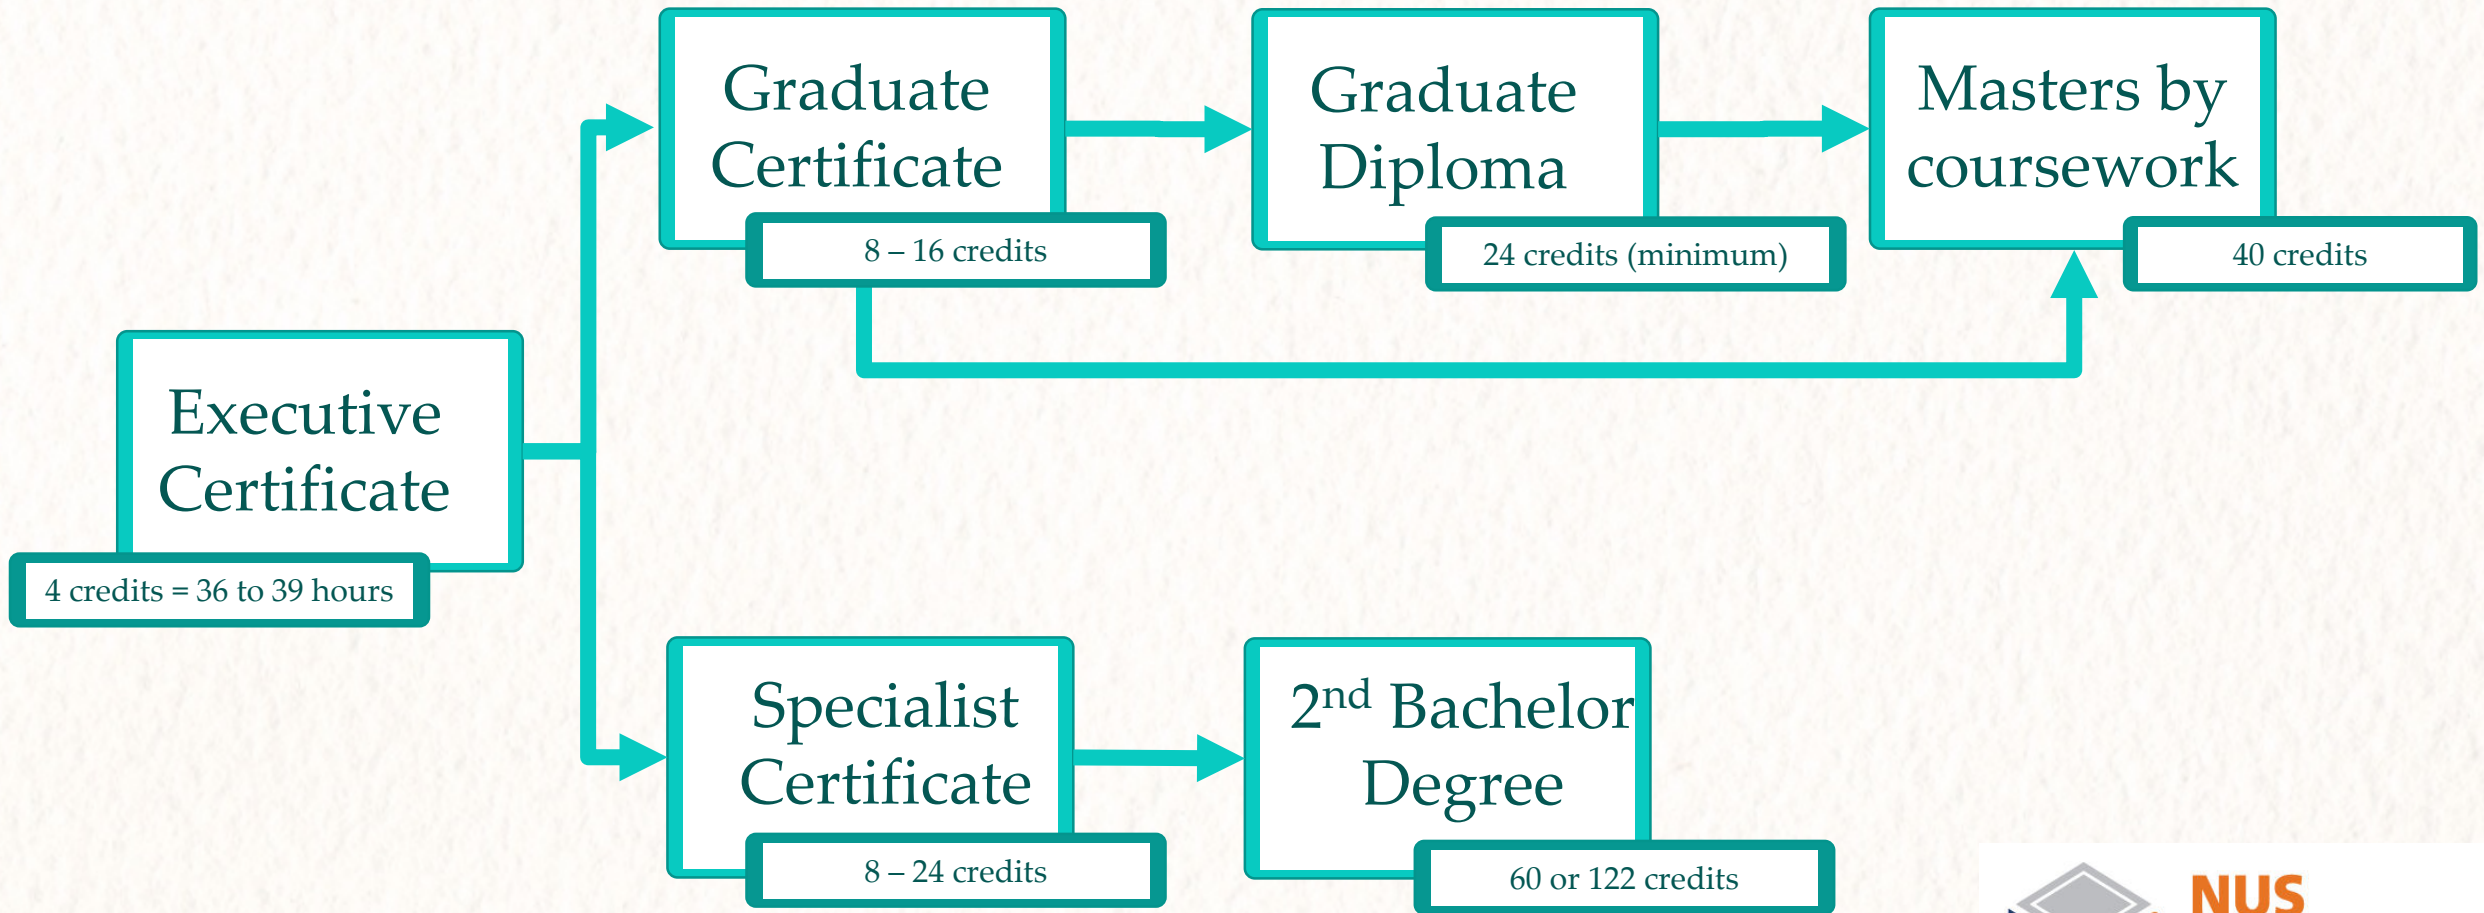

The building blocks of transformation

The NUS commitment

Continuing & Professional Education Framework
